### CODA

61 62

dah (jana dah) (jana) dah-ooo

Monologue on the answer machine and I  
 Never thought that my words could be mean  
 But I don't know what's going on inside your head, oh  
 I own up that I'm often gone  
 And I'm balled up in a troubled song  
 About the blues considering you.

### CHORUS 1

Well I talk all I want, scream and I want just to be heard  
 But I won't, there's a hush on my word.  
 So I pick up the phone, dial your home...you could be fair  
 But you won't, because you're never there.

### INTERLUDE

I gave you all of my best, and  
 You went and put my love to the test  
 Gave me good, good reason to doubt you  
 I am a good woman's son, and  
 You cheated on me so now we done  
 I'm gonna go, go on without you

### CHORUS 2

### INTERLUDE

### BRIDGE

I'm gonna go on without you

I won't guarantee that I do the right thing  
 This is the result of emotions you bring.  
 Tell me how...tell me how do you feel  
 When you're lying alone with your hindsight  
 You think of me keeping your body warm at night  
 Tell me now, I bet you wish I was still...there.

### CHORUS 3
